

TECHNICAL SHEET
PHO – Finixa High-tec spray overall white/blue

Product description

- A new revolutionary technology.
- The only washable overall on the market that gives 100% protection during the application of high solid paint products.
- The front is a Teflon treated polyester fibre that protects against paint penetration.
- The front also includes a waaved in Carbon thread to distract static electricity.
- The back is completely made of multi dry woven material.
- Multi dry absorbs all the transpiration of the body and vaporises this humidity into the air. (from the head, back, armpits, back of the knee).
- Very comfortable to wear.
- The overall has two large side pockets and one breast pocket.
- It also has shoe protection.
- Centred around the waist.
- Washable at 30°C, up to 10 times.
- Available sizes: S, M, L, XL, XXL.

Overall material

A) Carbon Fabric Specification:

- 1% carbon fibre / 99% polyester Vertical fibre
- Grid weaving
- 75D/260T polyester

Surface Resistance: $1.3 \times 10^5 \Omega$

Filtration efficiency: 5.62%

Tensile Strength: 58.0kgf

Tear Strength: 3.0kgf

10 Times washing guarantee.

Good air & moisture permeability.

B) Main Fabric (white):

- 100 % polyester – 64 gr /m²
- Teflon Coated

Blue Fabric:

- 100 % polyester Cool Max – 125 gr/m²

Total weight of the product: 380 gr.

Protection code : CE PPE (Personal Protective Equipment) EU Classification CE level 1

Produced in a ISO 9001: 2008 certified plant.

Solve the problem of static electricity within the spray booth

One of the consequences of static electricity in a spray booth is the attraction of dust and lint to wet paint. The exclusive carbon fiber composition of the JSW Anti-Static Spray Overall dissipates electro-static charges. An up-to-date finishing technique requires that static-free spray overalls should be worn if the highest quality results are to be achieved.

Safety: Carbon fiber threads dissipate electro-static charges, Protects painters from harmful overspray.

Lint Free: Fewer defects on paint surfaces, limiting the amount of "Re-dos".

Comfort: Extremely lightweight material breathes to reduce body heat buildup.

Design: Touch tape for fastening. Separate hood allowing easy movement while kneeling, reaching, or bending. Double stitched construction with a convenient back pocket.

Cost Effective: Re-usable, can be washed in water, stores in re-usable package, life expectancy 2-3 months.

Size	Size	A: Chest width	B: Leg length	C: center back to cuffs	D: Shoulder to crotch	E: Zipper length	F: Body length
