SAFETY REMARKS

Processing

- See Product Information for metal and wood putties.
- Avoid contamination through rust, metal or chemical products
- Use protective cream, gloves and eye protection should be worn.

What to do in case of...

- Fire: Fight fire from safe distance/protected location with plenty of water.
- Accidental release measures:
Contain and collect spillage with non-combustible absorbent materials (Vermiculith, Perlit), place with a polyethylene spade in a container labeled for disposal according to local regulations and clean the place with water. Collect the dirty cloth in a water container, tightly closed.
- Skin contact:
Wash skin thoroughly with soap and water. Apply a protective cream based on lanoline.
- Eye and mouth contact:
Irrigate immediately copiously with clean, fresh water or natrium-ascorbate solution, or 2% natrium bicarbonate solution. Seek medical advice. Do not use grease or oils.
