COMBINE WITH

SOF 25S Bucket with cleaning cloths

SANITARY SURFACE CLEANER

SAN 05

- Sanitary surface cleaner based on alcohol
- Fast & effective
- Safe to use on all surfaces
- Safe to use without any special personal protection
- Works quickly and evaporates by itself
- Developed to use with bucket SOF 25S; simply add 700cc surface cleaner
- Very economical in use: 5 liter impregnates 7 rolls
- Leaves no odor
- Specially developed for automotive applications such as car keys, door handles, steering wheel, handbrake, gear levers, dashboard, upholstery and interior in general
- Also perfect to clean tables, worktops, equipment, control panels of machines and appliances, keyboards, touchscreens, etc.

HOW TO USE:

1. Add 700cc surface cleaner to the bucket (The SOF 25S bucket already contains 1 roll of cleaning cloths).
2. Leave for 30 minutes before using the cloths
3. When the bucket no longer contains any cloths, you can use the refill pack SOF 251S (repeat the process)

SOF 251S Refill pack (6pcs)
