

TECHNICAL SHEET
FOL 51 – Finixa lifting tape 10mm x 10m 1p.

Description

Finixa lifting tape 'easy tear' uses a high temperature crepe masking tape with a rubber pressure sensitive adhesive. It is designed to protect rubber trims and bodyside mouldings during the automotive renish process. It also has a release liner to protect the exposed adhesive which is to be removed before use.

Technical

Shelf life

2 years

Physical properties

Values shown are typical values and not to be used for specification purposes.

Carrier	Impregnated Crepe Paper (Medium Crepe)
Colour	Yellow
Adhesive	Rubber
Thickness	0.265my
Film Width	10mm (+/- 0.1mm)
Length	10m (+/- 0.1m)

Performance properties

Values shown are typical values and not to be used for specification purposes.

Tensile Strength	>34 N/cm	AFERA 5004
Elongation at Break	>9%	AFERA 5004
Heat Resistance	120°C	

The above information is given in good faith, but the user should assure himself that the performance of the product is sufficient for his application. The quoted values are average and should not be taken as maximum or minimum values for specific purposes. Chemicar Europe cannot be held responsible for product failure unless full testing has been carried out. The client has to decide on the products suitability for their own applications.
