| SECTION 4: First aid measures          |  |
|--|--|
| 4.1. Description of first aid measures |  |
| First-aid measures general             | : observe (own) safety. Check the vital functions. Check the vital functions. In case of injury and/or intoxication call the European emergency number number 112. Keep victim under observation. Symptoms may be delayed. Treat symptoms, starting with most life-threatening injuries and disorders. |
| First-aid measures after inhalation    | : Remove person to fresh air and keep comfortable for breathing. If experiencing respiratory<br>symptoms: Call a poison center or a doctor.  |
| First-aid measures after skin contact  | : Brush off loose particles from skin. Rinse immediately with water. Obtain medical attention if irritation persists.  |
| First-aid measures after eye contact   | : Rinse immediately with plenty of water. Consult an ophtalmologist if irritation persists.<br>Contact lenses should be removed.   |

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

| First-aid measures after ingestion   | : Rinse mouth. Call a poison center or a doctor if you feel unwell. Do not wait for symptoms to occur to consult Poison Center.   |
|--|---|
| 4.2. Most important symptoms and effects,  | both acute and delayed  |
| Symptoms/effects<br>Symptoms/effects after inhalation<br>Symptoms/effects after skin contact<br>Symptoms/effects after eye contact<br>Symptoms/effects after ingestion<br>Symptoms/effects upon intravenous administration<br>Chronic symptoms | <ul> <li>No known effects from this product.</li> </ul> |
| 4.3. Indication of any immediate medical att   | ention and special treatment needed   |
| No additional information available  |   |
| SECTION 5: Firefighting measures   |   |
|  |   |

| Suitable extinguishing media<br>Unsuitable extinguishing media | <ul> <li>ABC-powder. BC-powder. foam. carbon dioxide (CO2). For large fire: alcohol resistant foam. Water spray if puddle cannot expand.</li> <li>For a minor fire : Water. Liquid splashes may occur. For a significant fire : Liquid splashes may occur.</li> </ul> |
|--|---|
| 5.2. Special hazards arising from the subst                    | tance or mixture  |
| Hazardous decomposition products in case of fire               | : Carbon monoxide. Carbon dioxide. melt. Metal oxides.  |
| 5.3. Advice for firefighters                                   |   |
| Firefighting instructions                                      | : Do not allow run-off from fire-fighting to enter drains or water courses. Contaminated/fire fighting water withhold.  |
| Protection during firefighting                                 | : Wear recommended personal protective equipment.   |

| SECTION 6: Accidental release measures |   |
|--|---|
| 6.1. Personal precautions, protective  | equipment and emergency procedures  |
| General measures                       | : No open flames. No smoking.   |
| 6.1.1. For non-emergency personnel     |   |
| Protective equipment                   | : 8.2.  |
| 6.1.2. For emergency responders        |   |
| Protective equipment                   | : EN 374. Gloves. EN 166. Facial Masks. EN 14605. EN 13034. protective clothing. EN 136. EN 137. Self-contained breathing apparatus. 8.2. |
| 6.2. Environmental precautions         |   |

### Dam up the solid spill. Collect leaking liquid in covered containers. Prevent liquid from entering sewers, watercourses, and soil.

| 6.3. Methods and material for containment and cleaning up |   |  |  |
|---|---|--|--|
| Methods for cleaning up                                   | : Take up liquid spill into inert absorbent material. Contaminated surfaces: clean (treat) with an excess of water. Wash clothing and equipment after handling. |  |  |
| 6.4 Poterance to other sections                           |   |  |  |

6.4. Reference to other sections

SECTION 13.

### Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

| : Keep away from any flames or sparking source. Use only non-sparking tools. Observe stric hygiene. Avoid any direct contact with the product. Take off immediately all contaminated clothing. Keep container tightly closed. Do not discharge the waste into the drain. |
|--|
| any incompatibilities  |
| <ul> <li>Keep container tightly closed and in well ventilated place.</li> <li>Keep container closed when not in use. Use and store away from all naked flames, heat sources or working electrical appliances. Do not smoke.</li> </ul>                                   |
| <ul> <li>Metal. Heat sources.</li> <li>&lt; 25 °C</li> <li>a polypropylene.</li> </ul>   |
|  |

7.3. Specific end use(s)

Supplier's details.

### SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

### 8.1.1 National occupational exposure and biological limit values

| Belgium  |   |                      |  |  |
|--|---|----------------------|--|--|
| Huiles minérales<br>(brouillards)  | Time-weighted average exposure limit 8 h  | 5 mg/m³              |  |  |

### 8.1.5. Control banding

No additional information available

**8.2. Exposure controls** 

#### 8.2.1. Appropriate engineering controls

### Appropriate engineering controls:

Avoid naked flame. Use a splash guard. No flames, no sparks. Eliminate all sources of ignition. Monitor the atmosphere at regular intervals. Carry out operations in the open/under local exhaust/ventilation or with respiratory protection.

### 8.2.2. Personal protection equipment

#### Personal protective equipment symbol(s):

#### 8.2.2.1. Eye and face protection

#### Eye protection:

None under normal conditions. Safety glasses. Wear security glasses which protect from splashes. EN 166

### Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

| Eye protection |                      |                 |          |  |  |
|----------------|----------------------|-----------------|----------|--|--|
| Туре           | Field of application | Characteristics | Standard |  |  |
| Face mask      |                      |                 |          |  |  |

### 8.2.2.2. Skin protection

### Skin and body protection:

Wear suitable protective clothing. EN 14605. EN 13034

#### Hand protection:

Chemical resistant gloves (according to European standard EN 374 or equivalent)

#### 8.2.2.3. Respiratory protection

| Respiratory protection |   |                                  |          |
|------------------------|---|----------------------------------|----------|
| Device                 | Filter type   | Condition                        | Standard |
| Gas filters            | Type A - High-boiling (>65 °C)<br>organic compounds | If conc. in air > exposure limit |          |

#### 8.2.2.4. Thermal hazards

No additional information available

#### 8.2.3. Environmental exposure controls

#### Environmental exposure controls:

6.2. 6.3. For further information refer to section 13.

### Other information:

Do not eat, drink or smoke during use.

### 9.2. Other information

No additional information available

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

| SECTION 10: Stability and reactivity                                  |
|---|
| 10.1. Reactivity  |
| Heating may cause a fire.   |
| 10.2. Chemical stability  |
| Stable under normal conditions of use.                                |
| 10.3. Possibility of hazardous reactions                              |
| No data available.  |
| 10.4. Conditions to avoid   |
| Keep away from any flames or sparking source. Use non-sparking tools. |
| 10.5. Incompatible materials  |

No additional information available

**10.6. Hazardous decomposition products** 

On burning: release of carbon monoxide - carbon dioxide. Metallic oxides.

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

SECTION 11: Toxicological information

**11.1 Information on toxicological effects**

### 14.6. Special precautions for user

Overland transport Not applicable

### Transport by sea

Not applicable

#### Air transport

Not applicable

#### Inland waterway transport

Not applicable

14.7. Transport in bulk according to Annex II of Marpol and the IBC Code

Not applicable

#### **SECTION 15: Regulatory information**

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### 15.1.1. EU-Regulations

Contains no REACH substances with Annex XVII restrictions

Contains no substance on the REACH candidate list

Contains no REACH Annex XIV substances

Contains no substance subject to Regulation (EU) No 649/2012 of the European Parliament and of the Council of 4 July 2012 concerning the export and import of hazardous chemicals.

Contains no substance subject to Regulation (EU) No 2019/1021 of the European Parliament and of the Council of 20 June 2019 on persistent organic pollutants

Contains no substance subject to REGULATION (EU) No 1005/2009 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 16 September 2009 on substances that deplete the ozone layer.

Contains no substance subject to Regulation (EU) 2019/1148 of the European Parliament and of the Council of 20 June 2019 on the marketing and use of explosives precursors.

Contains no substance subject to Regulation (EC) 273/2004 of the European Parliament and of the Council of 11 February 2004 on the manufacture and the placing on market of certain substances used in the illicit manufacture of narcotic drugs and psychotropic substances.
