## POWERPEEL

**PWP 05T - 05W**

Protect your spray cabin walls with our peelable coating.

### POWERPEEL

**PWP 05T - 05W**

- Easy peelable coating for the protection of spray booth walls against overspray
- Available in white and transparent
- Apply with a spray gun (2.5mm nozzle) in only 1 coat (We suggest using our SPG 80+81)
- Bidon of 5L fits perfectly in SPG 80
- Water-based product
- Easy to remove with water when it's liquid
- When dried, powerpeel can't be removed with water. This makes it possible to apply a coating from our CBP (active for 10-12 weeks) When the CBP has dried up, peel both layers off at once
- Dries in 45min at 25°C
- Protect your spray cabin walls with our peelable coating
