

**LESS STEPS BEFORE POLISHING**

**DRY SANDING  
ONLY!**

Ø150mm - 15 holes

**SFDE**

Ø75mm - no holes

**SFDF**

**FINISHING FILM DISCS**

**SFDE**

**SFDF**

- Premium film abrasive for matting and paint correction
- Aluminium oxide grain, Polyester film backing
- Very fine scratch pattern for fast and easy polishing
- Ultra-flat and smooth film backing
- Specially developed stearate layer for less clogging and longer lifespan
- Intended for dry sanding only
- For best results use on a 3 mm deviation DA sander with a 5mm interface pad (SAM 37)

**AVAILABLE GRITS**

P800, P1000, P1500, P2000, P2500
